

FOR IMMEDIATE RELEASE

LT Online's 2010 User Conference, "Maximizing the Value of Your Legal Spend," Slated for April 14-15 at Sawgrass Resort

Keynote Address to be Delivered by Jessica Mayer, Vice President and Managing Counsel of Cardinal Health

Uniondale, N.Y., December 7, 2009 – LT Online Corporation will host its Annual User Conference April 15 and 16 at the prestigious Marriott Sawgrass Resort near Jacksonville, Florida.

The conference will be highlighted by a keynote speech from Jessica Mayer, Vice President and Managing Counsel of Cardinal Health and will focus on leveraging Lawtrac to reduce costs and add more value to the law department and the business units.

Topics include:

- * Electronic billing
- * Optimizing Lawtrac 3.0
- * Value-based billing
- * Leveraging Lawtrac data to make better decisions
- * Litigation holds

"Now more than ever, in-house counsel have cited reducing costs as their top concern and that is the focus of the 2010 conference," said Frank Orzo, president of LT Online Corp. "We want to help our clients to leverage Lawtrac to optimize their law departments.

A number of the sessions will be User Roundtables, where Lawtrac Users describe their own ideas, strategies and tactics. These sessions are immediately followed by briefings from Lawtrac staff, describing exactly how to implement those ideas. "Our attendees sometimes gain the most from ideas that have been developed at other legal departments," said Ernie Bruno, CEO of LT Online Corp. "Lawtrac users are a true community who are extremely generous and willing to share valuable ideas and insights with fellow users."

-more-

The conference will include an opening reception at the Sawgrass, to welcome conference attendees Wednesday night. On Thursday, attendees will enjoy a gala networking event featuring dinner, dancing and live entertainment.

LT Online encourages clients to take advantage of Early Bird registration rate before December 11. A discounted block of guest rooms is available at the Sawgrass while availability lasts. More information is available at www.LawtracUserConference.com.

About LT Online Corporation

LT Online Corporation, is based in Uniondale, N.Y. Its LAWTRAC product has been assisting corporate legal departments since 1984 by enabling in-house legal departments to maintain all types of legal matters associated with managing and running a profitable company. LAWTRAC Online is the most-widely used “Total Solution” software product specifically designed for corporate law departments – enabling law departments to manage matters, expenses, documents, records and conduct e-billing all in one Web-based application.
